25X1

COUNTRY: Germany (Soviet Zone)

SUBJECT: Soviet Troops Arriving at, and Departing from, Bad Freienwalde

25X1

ILLEGIB

Soviet troops arriving at Bad Freienwalde (N 53/V 28) included: 250 troops red epaulets from the direction of Eberswalde on 7 November; 120 troops from the direction of Templin on 9 November; and 40 troops from the direction of [redacted] on 11 November. On 12 November, 100 troops were transferred from Bad Freienwalde to Biesenthal. On 13 November, 110 troops, and on 14 November 210 troops shipped toward Frankfurt/Oder. *

ILLEGIB

25X1

[redacted] Comment. It is believed that part of the barracks installation in Bad Freienwalde serves as processing point for soldiers of the Fourth Gds Mvy due for discharge to the U.S.S.R., as in the summer of 1951. The present report indicates that the contingents of soldiers ready for demobilization are considerably smaller than those observed during the summer.
